President's Welcome

Welcome to the **2005-2006 Arkansas State University Factbook!** In this document, we have outlined facts and figures to help you understand the integral role Arkansas State University plays in the daily lives of the people we serve. You will find information about our academic programs, our students, and the services that we provide outside the classroom.

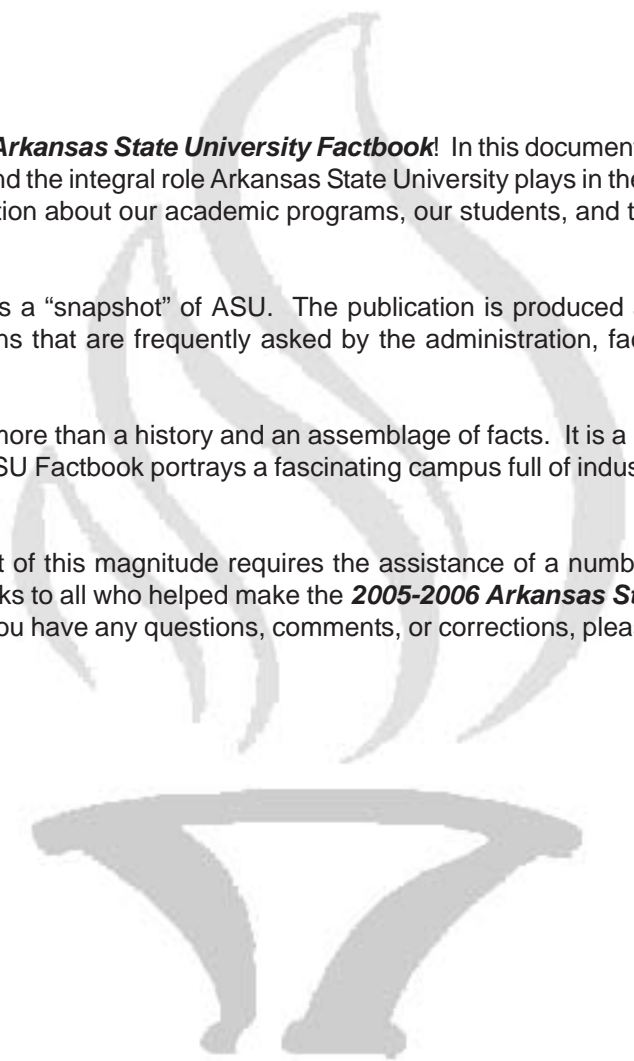

The ASU Factbook presents a “snapshot” of ASU. The publication is produced annually and is intended to provide answers to questions that are frequently asked by the administration, faculty, students, alumni, and others.

However, this document is more than a history and an assemblage of facts. It is a book about who we are and where we are going. The ASU Factbook portrays a fascinating campus full of industrious, committed students, faculty, and staff.

A comprehensive document of this magnitude requires the assistance of a number of people on the various ASU campuses. Many thanks to all who helped make the **2005-2006 Arkansas State University Factbook** a successful reality. Should you have any questions, comments, or corrections, please feel free to contact us.

Sincerely,

Dr. Leslie Wyatt, President
Arkansas State University

The major purpose of this institution is to provide affordable, comprehensive, and high quality instruction and service programs. University transfer and technical programs are available to students at the associate degree and certificate levels. In addition to the Beebe campus, instruction is also available at education centers at ASU-Searcy, ASU-Heber Springs, Little Rock Air Force Base, and through other off-campus locations. Instructional programs beyond the associate degree are available on the Beebe campus from ASU-Jonesboro.

An open admission policy encourages the enrollment of both traditional and nontraditional students. The institution recognizes the uniqueness of each student and provides support programs designed to assist students in determining and achieving their educational, personal, and occupational goals. By providing comprehensive training and technical support for business and industry, the institution contributes to the economic development of Arkansas. Cultural enrichment activities are provided to enhance the quality of life for the citizens of the local communities.

HISTORY

ASU-Beebe first opened in 1927 as Junior Agricultural School of Central Arkansas. In 1931, the institution was renamed the Junior Agriculture College of Central Arkansas. The college became a campus of Arkansas State College in 1955 and in 1967 changed to Arkansas State University-Beebe Campus. ASU-Beebe has established a strong reputation of providing quality, affordable instruction and service programs to the surrounding communities. The Beebe campus is located 31 miles north of Little Rock and 17 miles south of Searcy on U.S. Highways 67/167.

In addition to the original campus in Beebe, ASU-Beebe operates campuses in Heber Springs, Searcy, and since 1965, has operated programs at the Little Rock Air Force Base. Act 426 of 1999 of the Arkansas Legislature authorized the creation of ASU-Heber Springs as *A Center of ASU-Beebe*. In July 2003, Foothills Technical Institute in Searcy merged with ASU-Beebe and is now referred to as ASU-Searcy, *A Technical Campus of ASU-Beebe*. With the combined and integrated capabilities of the four locations, the institution is prepared to provide quality education and service programs to its students and the communities. With the programs provided on the Beebe campus by ASU-Jonesboro, students now have the opportunity to achieve their educational goals through the Master's degree level, providing a unique opportunity for students and the community.

Southern Regional Education Board (SREB)

ASU - Jonesboro, Four-Year 3; ASU - Beebe, Two-Year 2; ASU - Mountain Home & ASU - Newport, Two-Year 3

The SREB system for categorizing postsecondary education institutions is based upon a number of factors relevant to determining resource requirements. Differences in institutional size (number of degrees), role (types of degrees), breadth of program offerings (number of program areas in which degrees are granted), and comprehensiveness (distribution of degrees across program areas) are the factors upon which institutions are classified. Other factors relevant to determining resource requirements such as cost differences among programs or externally funded research are not taken into account in the SREB system.

CATEGORIES

Institutions are assigned to categories for a report year using the previous academic year's data on program completions. To keep the statistical comparison groups relatively stable over time and to assure that institutions change categories only when their measures on a criterion are relatively stable, institutions change categories when they meet the criterion for another category for the third consecutive year.

◆ **Four-Year 1:** Institutions awarding at least 100 doctoral degrees distributed among at least 10 CIP categories (2-digit classification) with no more than 50 percent in any one category.

◆ **Four-Year 2:** Institutions awarding at least 30 doctoral degrees distributed among at least 5 CIP categories.

◆ **Four-Year 3:** Institutions awarding at least 100 master's, education specialist, post-master's, or doctoral degrees with master's, education specialist, and post-master's degrees distributed among at least 10 CIP categories.

◆ **Four-Year 4:** Institutions awarding at least 30 master's, education specialist, post-master's, or doctoral degrees with master's, education specialist, and post-master's degrees distributed among at least 5 CIP categories.

◆ **Four-Year 5:** Institutions awarding at least 30 master's, education specialist, post-master's, or doctoral degrees.

◆ **Four-Year 6:** Institutions awarding less than 30 master's, education specialist, post-master's, or doctoral degrees.

◆ **Two-Year 1:** Institutions awarding associate degrees and offering college transfer courses with FTE enrollment of 5,000 or more; some certificates and diplomas may also be awarded.

◆ **Two-Year 2:** Institutions awarding associate degrees and offering college transfer courses with FTE enrollment of between 2,000 and 4,999; some certificates and diplomas may also be awarded.

◆ **Two-Year 3:** Institutions awarding associate degrees and offering college transfer courses with FTE enrollment of less than 2,000; some certificates and diplomas may also be awarded.

The Dean B. Ellis Library, centrally located in an eight-story building, functions as an educational center for the community. The Library of Congress classification system is used for the arrangement of books, and an on-line catalog provides access to the book collection. The library meets the informational needs of the university by offering a variety of services. A staff of 14 professional librarians and 23 support personnel acquires, organizes, and services the collection. Reference librarians assist users in locating information and in the use of the library. The reference staff also offers an active library instruction program which reaches numerous university classes. The library provides access to hundreds of online databases and search services via links on the library's web site. Materials that are not contained in the library's collection are accessible by interlibrary loan through the OCLC network.

PRIVATE DONORS

Private donor support enables Arkansas State University to attract and retain the highest quality students. Citizens of Northeast Arkansas communities have historically provided generous donor support. Additionally, private support endows numerous ASU scholarships each year. Scholarships help to keep the brightest students in Arkansas, and scholarships are more necessary now than ever. An endowed scholarship can be established for \$10,000, or an annual gift may be provided to fund one or more scholarships. Scholarships are currently available in virtually every discipline.

Jonesboro Campus - Fiscal Year 2005

The Jonesboro Campus has seen tremendous growth over the past few years. The Arkansas Biosciences building was completed in 2004 along with Phase I of a new Student Union, the Student Health Center, the HPESS Track Facility, a new student parking lot, and Jazzman's Hardwired Cafe. Additions to Phase II of Indian Village is in the final stages of completion and work is being done on Phase II of the Student Union. Construction is underway for a 200,000 square foot residence hall for freshmen and sophomore male students. The new residence hall will provide each student with a private room in a four student suite. Each suite will contain a shared living room and bathroom. Site clearing is under way for the construction of the Cooper Alumni Center. The 21,000 square foot facility will provide the Alumni Association space for large gatherings, meeting rooms, and staff offices. There are also plans for a new Business building, Liberal Arts building, and the Caraway Road overpass.
