Step 5.

Once you have downloaded Salesforce Authenticator, click **'Add an Account'**. A two-word phrase will be displayed; type it into the web page. This will link the authenticator with your account, and your account will be successfully set up.

Connect Salesforce Authenticator

Use Salesforce Authenticator to verify your identity and sensitive transactions. Authenticator is a free app that runs on iOS or Android mobile devices.

1. Download Salesforce Authenticator from the [App Store](#) or [Google Play](#) and install it on your mobile device.
2. Open the app and tap Add an Account
3. The app shows you a unique two-word phrase. Enter the phrase.
