**Resolution to Abolish The Amendment Added to SR 23/24-03**

---

Short Title: A resolution to abolish the amendment added to SR 23/24-03 in order to extend the timeline given to the Student Government Association for the creation of a scholarship or something in its likeness.

Whereas, the Student Government Association is the governing body representing the students at Arkansas State University, and

Whereas, the amendment reads as, "If this resolution is passed, the Student Government Association pledges to pass a new scholarship/scholarships for low income students by the 2025/2026 election cycle, or is nullified in its entirety.", and

Whereas, this amendment gives a strict timeline that the Student Government Association must follow, and

Whereas, that timeline hinders senators from having the ability to create a scholarship or something in its likeness that will benefit the Arkansas State student body, and

Whereas, since there is an obvious want of a scholarship or something in its likeness to be created, a timeline should not be in place to give it the time it deserves.

**BE IT THEREFORE RESOLVED BY THE STUDENT GOVERNMENT ASSOCIATION  
OF ARKANSAS STATE UNIVERSITY THAT:**

The added amendment to SR 23/24-03 will be abolished in its entirety to give the most amount of time possible to those interested in creating a solution to this ongoing want.

Pass

Ahniya Williamson, Vice President

Fail
